THE PRESENTATION

Dr. John O. Stubbs

The President asks all the candidates for degrees to rise and presents them to the Chancellor with these words:

"Mr. Chancellor, I present to you those scholars who have fulfilled the statutory requirements laid down by the Senate of this University, and request that you confer upon each one the degree for which he or she is now recommended."

THE ADMISSION

Dr. Joseph Segal

The Chancellor then addresses the candidates:

"By virtue of the authority vested in me and in the Senate of this University, I hereby admit you to your various and several degrees."

The candidates then sit down.

This program is prepared more than a week before Convocation and therefore may not be complete.

UNIVERSITY HERALDRY

The University Coat of Arms was granted to the University in 1965 by the Lord Lyon King of Arms.

The heraldic description of the coat of arms is:

“Quarterly; 1st and 4th, Azure, three fraises Argent; 2nd and 3rd, Argent, three antique crowns Gules, in chief Gules an open book proper, binding and fore-edges, Or, between two crosslets fitchée of the last.”

The Coat of Arms was derived from that of the Clan Fraser. The name Fraser is said to have come from the French word “fraises,” meaning strawberries, hence the Shield and flag each include the strawberry flower motif.

The mace was commissioned by the University architects, Erickson-Massey, and was presented to the University at the opening ceremonies on September 9, 1965. The mace is 61 inches long and weighs 23 pounds. Pieces of cut and polished jade, which were taken from the University’s jade boulder in the reflecting pool, were set in silver by its designer, Haida artist Bill Reid. The mace is crowned by a silver stag’s head, derived from the coat-of-arms of Lord Lovat, head of the Clan Fraser. The Fraser tradition was to fasten sprigs of yew in their bonnets before entering battle. The mace was carved from two hundred year old yew, gathered on Burnaby Mountain by a resident in the 1940s.

Lord Lovat presented the University with a claymore, or great sword, on September 9, 1965. The claymore was first used by a Fraser at the Battle of Culloden Moor in 1746. It was also used by a Fraser at the Battle of the Plains of Abraham in 1759. The claymore is approximately 36 inches long and weighs two pounds.

The flag was dedicated and flown for the first time at the Convocation ceremonies in June, 1981.

ACADEMIC DRESS

The regalia worn today by our graduates has a colourful history.

Regalia originated in the monasteries of the Middle Ages. At that time, university faculty were men of religion who wore the habit of their Order when teaching. Over time, their garments came to identify their university.

In Europe, laymen did not commonly teach in universities until the 19th century. Only by 1858, for example, did British law no longer require university dons to be in holy orders. Nevertheless, professors continued to wear clerical garb, with modifications in cut and design.

Regalia colours often matched those of the university patron, or of the city in which the university was located; Simon Fraser regalia combines the red and royal blue of the Clan Fraser. (The University motto “nous sommes prêts,” or “we are ready,” parallels the Clan’s “je suis prêt.”)

The degree hood was originally part of the monk’s habit – a carryall for food or other small items. Eventually, the hood became separate from the gown, variegated in colour, and emblematic of scholars and degrees from particular universities. Hoods in Canada and Europe are unique in design and colour to each degree and each university.

The history of the mortarboard worn by our Bachelors and Masters begins with high church dignitaries in the 16th century. These officials wore hats consisting of little more than a cap with a raised, squared crown. By the 18th century, the crown had evolved into a cloth-covered board, and the wearers into the deans and rectors of universities. The 19th century saw the top knob replaced by a tassel, and the cap become required student attire. Reminded of the square board masons used to hold mortar, students dubbed the headgear a “mortarboard” – college slang of the day.

Doctoral hats are patterned after the Florentine hats in the time of the Medici. Students purchased hats of the appropriate university colours when continuing with advanced studies after completing the Bachelors degree.
